Chamber Of Commerce Inquires Re Power Rates

Wainwright and District Chamber of Commerce and Agriculture held its first meeting for the year at the Legion Hut on Thursday, January 11th. A good attendance was present, and the meeting was featured by healthy discussion and a general interest in the work of the Chamber.

John Davidson took his seat in the chair for the first time, and conducted the meeting in a very capable manner.

After a bounteous banquet served by the ladies of the Legion Auxiliary, the chairman called for the reading of the minutes of the last session, and the executive meetings since that session.

These were read by the new Secretary, Dr. J. D. Wallace.

The chairman also welcomed a number of new members and visitors.

First item of business was the nomination of a councillor for agriculture for the Chamber, and the proposal of the election that followed Harry Ryan was chosen for this office.

Under the heading of correspondence, letters were read from the local and provincial chambers of commerce.

One letter was read regarding an exhibition of farm machinery by the Glendon Club, to be staged at the business centre.

Letter from the Board of Public Utility Commissioners regarding the local rates for electric light and power was read as follows:

J. D. Wallace, Esq., M.D., Secretary, Wainwright Chamber of Commerce, Wainwright, Alberta.

I am directed to acknowledge receipt of your letter of 10th instant.

The Board has checked the franchise granted by the Town of Wainwright to Calgary Power and finds that it is dated 16th July, 1941, for a period of ten years, so that it expires in July, 1951.

The Board has also checked the franchise granted by the Town of Wainwright to Calgary Power and finds that it is dated 16th July, 1941, for a period of ten years, so that it expires in July, 1951.

The Board has also checked the franchise granted by the Town of Wainwright to Calgary Power and finds that it is dated 16th July, 1941, for a period of ten years, so that it expires in July, 1951.

The Board has also checked the franchise granted by the Town of Wainwright to Calgary Power and finds that it is dated 16th July, 1941, for a period of ten years, so that it expires in July, 1951.

The Board has also checked the franchise granted by the Town of Wainwright to Calgary Power and finds that it is dated 16th July, 1941, for a period of ten years, so that it expires in July, 1951.

Oliver L. Vardy Named Newfoundland Parliamentary Assistant

Recently the Premier of Newfoundland, Hon. J. R. Smallwood, announced that he had named Oliver L. Vardy as his parliamentary assistant.

Mr. Vardy is a man endowed with plenty of qualifications to fill this exalted position by virtue of his great experience at the polls in Newfoundland.

He will speak for the Premier in the absence from the House of Assembly, especially handling the chore of answering questions already tabled by Mr. Vardy is a man endowed with plenty of qualifications to fill this exalted position by virtue of his great experience at the polls in Newfoundland.

Scout Picture Show Coming Up Soon

Wainwright, Alberta, Jan. 7, 1950.

This is a message for Cub Scouts and mothers and all others interested in scouting.

On Thursday, January 13, at 8 o'clock in the Auditorium, the Scout Committee has planned to show two films, The World Jamboree which took place in Paris, France in 1947, and Cub Scouts, the life history of a Cub Scout. These films have been loaned from the National Film Board and should portray a number of Cub activities.

We are particularly anxious for all Cub Scouts, Mothers and Fathers and all interested in Scouting to attend. After the showing of the films, some important matters concerning the Cub Movement will be discussed. The Committee hopes that its request for a full house will be met for no worthwhile organization could be satisfied with less.

A silver collection will be taken to defray expenses.

Scouting Your.

The Scout Committee.

WAINWRIGHT TAKES ATLAS CUP

EDGERTON TAKES IT AWAY

The Atlas Cup is on the go again. Just over a week ago a couple of rink hockey teams from Wainwright and Edgerton met in a friendly contest.

Wainwright took the cup home with them. The contest was held at the rink in Wainwright and was a very close one.

BIGGEST PRIZES YET AT BONSPIEL HERE JAN. 23, 24, 25

NINE SHEETS OF ICE WILL PROVIDE ACCOMMODATION FOR MANY ENTRIES

Wainwright is this year staging its biggest bonspiel in history. For the first time, nine indoor sheets of ice will be available, with four sheets in the curling rink and five sheets in the P.M.C. arena.

In keeping with the ample ice facilities, there will be offered one of the best lines of prizes yet played for on Wainwright ice.

Unfortunately we cannot yet obtain a complete list of the awards being offered, but we are assured that their value will be in the vicinity of \$1,000. This amount of money will provide a lot of very attractive prizes, and will add greatly to the interest of the big event.

The program includes five competitions, so there will be lots of chances to get into the prize-winning class, and every rink will be assured of enough action to make the evening enjoyable.

Entries will close on January 22nd, but it will assist the committee in charge if your entries are turned in earlier than this. Entries should be sent to S. H. Ryan, and should be accompanied by the entry fee of \$5.00 per rink.

Under a heavy overcast, that made for poorer flying, but favored with smooth air and absence of wind, the first large parachute landing held by Western Army Command was staged at Wainwright Military Camp yesterday morning under the direction of Major D. L. Drake.

The exercises which were held as a service for the year designated as generously of their time to look after the affairs of the library with a view to their successful completion.

It is hoped that as many as possible will be present at the meeting, and give their support to the valuable work that is being done.

Wainwright Library now has on its shelves and out on loan a total of 2,768 books. These 2,768 are of the adult type, and are of the highest quality.

S. Torgy Heads Local Branch of C.B. of R.E.

At the annual meeting of the C.B. of R.E. held last night S. Torgy was elected in the chair, with W. A. Steele as vice-president, E. D. Lismore as secretary, and J. Benwick treasurer. Local chairman are Jack Benwick, committee E. L. Lismore and W. J. Ryan.

Other items of business were the report of S. Torgy of his trip to the east as delegate, and also the matter of five-day week.

The meeting was held at the home of Mr. and Mrs. E. Nordstrom, and was brought to a conclusion with a pleasant social period.

YOUTH FOR CHRIST TO PRESENT MESSAGE AT WAINWRIGHT TUESDAY, JANUARY 17th

The "Mighty Leaf Team", Robinson and Correll, will present a 30-minute message to the young people of the district commencing at 8:00 p.m. Tuesday evening, January 17th.

George Robinson is field representative of the Western Canada Y.P.C. movement, and Howard Correll is a local representative of the Toronto Y.P.C. movement, and is a leading contributor in the C.B.C. program "Singing Stars of Tomorrow".

Arrangements are being made to attend this meeting which promises to be most inspiring.

Under a heavy overcast, that made for poorer flying, but favored with smooth air and absence of wind, the first large parachute landing held by Western Army Command was staged at Wainwright Military Camp yesterday morning under the direction of Major D. L. Drake.

BIBLE SOCIETY

A record was set by the Wainwright Branch of the British and Foreign Bible Society when 112.51 was sent to the head office of the British and Foreign Bible Society in Edmonton.

For those receiving a copy of the annual report you will notice that we are credited \$112.51. Nine dollars and fifty cents being handed in to late to be included in the annual report.

Rev. E. J. Heuser sends his congratulations to the canvassers, Mr. Lyle, and the secretary, Mrs. C. Alexander.

The regular meeting of the C.Y.O. was held in the separate school auditorium on Saturday night, January 7th. A good attendance was present, and a good deal of business was covered in the meeting.

It was decided to hold a card party Wednesday evening, January 11th. Ed. Mayers volunteered

A PAGE FOR THE FARMERS

Comment and Notes of Current Interest to Farmers

Compiled by J. S. Robblee and F. W. Maddex

HINTS ON CARE OF LAYING FLOCK

Mortality among laying birds is one of the most profit-reducing factors of the egg producing phase of poultry keeping, for at the death of a bird, the potential profit from future egg production must be added to the immediate market value of the dead bird.

In the poultry breeding work at the Dominion Experimental Station at Harrow, Ont., the study of mortality within family groups has shown that although some lines demonstrate a better state of longevity than others, some males when bred more than one year, vary as regards daughter mortality. Some exceed the first year mortality during the second year, while in other cases the opposite is met with. Where males show a consistently low family depletion during two or more years of testing, special effort is made to extend their progeny as having something extra in the way of vitality.

Mortality cannot always be attributed to inherent weakness, for it is possible for adverse environmental conditions to have a bearing on vigor. Nutritional deficiencies may reduce a flock where they give way to ordinary exposure, whereas the same birds on an adequate diet would stand up through similar circumstances.

The causes of poultry mortality are numerous and often puzzling as to their source of introduction, says W. F. Mountain, Head Poultryman at the Station. Diseases probably predominate among the causes of death, particularly among laying pullets, and quite often they arise through some oversight. Housing young and old together, bringing in new birds without a suitable period of isolation, or the admission of people or materials that have had previously to other flocks, frequently opens the door to trouble. Prompt removal of birds showing signs of sickness is a worthwhile practice.

In fact, a daily pause to inspect the flock in their activities is a good habit to cultivate.

Cleanliness of the eating and drinking utensils, as well as the wholesome-ness of the food and drink are necessary conditions for health. Green food in the form of good quality hay, to pick at, is recommended as a source of protection against vices.

To draw a fine line between the distinct influences of breeding and environment on poultry mortality is difficult, indeed almost impossible, so the safest general course must be chosen. This is to secure stock from your source and then be prepared to use proper methods of management to allow full expression of its inherent vitality.

CHEESE MAKING DECLINES IN U.K.

At the 22nd Annual Convention of the Central Ontario Cheese-makers' Association recently, Dr. H. A. Dorby, Chief, Marketing and Merchandising, Dairy Products, Dominion Department of Agriculture, gave an interesting address on the cheese industry in some European countries. Recently returned from attending the XII International Dairy Congress at Stockholm, Sweden, Dr. Dorby was able to give first-hand observations of the cheese industry in Sweden, Denmark, the Netherlands and the United Kingdom.

Of particular interest to Canadian cheesemakers were his comments in the potential market in the United Kingdom for Canadian cheese. The cheese industry in that country has declined to one-quarter of its pre-war peak, partly from the drift away from the farms of boys and girls who made the product, and also because of the demand for fluid milk for market milk purposes. The total cheese production in 1949 is expected to be about 28 million pounds, or about one-half of pre-war production, and of which not more than 18 to 15 per cent will be farm production. Cheddar and Cheshire are the only two types manufactured in any quantity and then only during periods when surplus milk is available. The domestic production of cheese in 1949 is a small part of the estimated requirements of about 400 million pounds.

The United Kingdom imported slightly more than \$52 million pounds of cheese in 1948, compared with \$35 million pounds during 1938. Pre-war consumption was nine pounds per person. This rose to 14 pounds during the war, and later dropped to 8 1/2 pounds because of limited supplies. At the present time consumption is around 6 1/2 pounds on the basis of a ration of two ounces weekly per person.

WITH THE DISTRICT AGRICULTURIST

By J. S. ROBBLEE

SEED OATS AND BARLEY

Seed of oats and barley is going to be very scarce all over the province in 1950. Farmers who have surplus seed should list them with their elevator agent and persons that will need seed should also list their requirements. Seed can be shipped in carload lots if the requirements are known early enough before good grain gets to the commercial market. Order the grain you need and be sure of a good supply for spring seeding.

TREES FOR SPRING PLANTING

Farmers desiring trees for spring planting from Indian Head Forest Nursery Station should have their names in now with the request for trees. The books for the year are closed very shortly after the first of the year. If you have not your order in yet do so at once.

LIQUID FERTILIZER

Tests made by the University of Saskatchewan last season with liquid fertilizer applied directly to seed grain showed no improvement in yield over untreated seed. On the other hand, the use of granular fertilizer in the same experiment showed an average increase in yield of 3 1/2 bushels to the acre.

NEW WEED CHEMICALS

A new chemical Trichloroacetate commonly called TCA is coming on the market in 1950 for the control of Couch or Quack Grass. Tests in 1949 have shown that applications of this chemical at a rate of 50 pounds to the acre combined with proper cultural practices before and after application have given satisfactory kills. At the present time price of the compound limits its use to small areas. This is a selective chemical that is generally not harmful to broad leaved weeds or plants. It works just the opposite to 2,4-D.

FARM LABOUR NOW AT TURNING POINT

Speaking at the Dominion-Provincial Agricultural Conference recently held at Ottawa, Dr. A. MacNamera, Deputy Minister of Labour, emphasized the fact that Canada had reached an important turning point in the farm labour problem during 1949, when the supply of farm labour had come into better balance with the demand. In accordance with the general tendency toward equilibrium, he said that employment is now more stabilized than formerly and that openings for seasonal workers are fewer. He warned that if the farmer wanted paid labour in the future, he would have to employ men on a less intermittent basis than in the past.

Since the war, Dr. MacNamera said that the total Canadian labour force has been increasing by about 100,000 annually and that in August, 1949, the total was approximately 5,000,000. Newfoundland contributing 130,000 of this total. Selective immigration has aided in the maintenance of the supply of paid farm labourers. 4,000 agricultural workers being admitted among the D.P.'s brought into Canada by the Dominion and provincial governments and the International Refugee Organization.

In conclusion, the Deputy Minister of Labour suggested that if Canada hoped to hold adequate labour on the farm, that living conditions generally would have to be improved and that the government could help by introducing such social security benefits, enjoyed by industry, as workmen's compensation and unemployment insurance, among agricultural workers.

The young couple were finding out about the joys of a joint bank account.

"The bank has returned your last cheque," said the husband grimly.

"Goody," gurgled the bride. "What should I buy with it next?"

ments for the Prairies.

Poultry officials in Ottawa think the likelihood of this east-to-west demand continuing in future years is somewhat remote. They point out that storing helps to meet local requirements, and it will probably be a larger factor next year.

FARM NOTES FROM ABROAD

Brazilian Farming

The Brazilian Government is trying to reduce the predominance of sugar production in the agriculture of the state of Pernambuco. The area of other crops will be extended, and such new crops as wheat, jute, tobacco and peanuts will be introduced. Processing plants will be built to reclaim residues of sugar cane, banana trees and pineapple for conversion into paper, cardboard and celotex.

Uruguayan Meat

A five year agreement between the United Kingdom and Uruguay has been arranged. Uruguay will supply 85 per cent of her exportable surplus of chilled beef and frozen mutton, and fifty per cent of her exportable surplus of certain kinds of frozen beef and preserved meats. During the first year, Uruguay will deliver 40 thousand tons of frozen meat and five thousand tons of preserved meat.

South African Wheat

The South African wheat crop is estimated at 15 million bushels for the 1949-50 season, a 2.5 million decrease from the crop of last season.

Argentine authorities are conferring with three Italian scientists who are in Argentina to assist in combating the disease. The scientists will be packing plants and the livestock areas most affected by the disease to gain an idea of its prevalence. They will then demonstrate their new vaccine at the Argentine Bacteriological Institute and arrange for its manufacture in Argentina.

THE QUESTION OF MIDA WHEAT

Quite a number of prairie farmers are asking about MIDA wheat. Mida is an American variety that has done well in the Dakotas. Mida is resistant to stem rust, moderately resistant to leaf rust and root rot, but is susceptible to foot rot. Mida is a hard wheat, matures somewhere between Thatcher and Marquis; it yields slightly higher than Thatcher in Manitoba, and slightly less than Thatcher in Saskatchewan and Alberta. The variety has large kernels which are somewhat different from those of Canadian varieties. Mida has been thoroughly tested in Canada for four years at a number of official stations. Under western Canadian conditions the baking strength of Mida is lower than is required for Canadian wheats. Mida, therefore, is not licensed for growing in Canada and cannot, therefore, legally be sold as seed.

It is not as well known as it should be that a prairie wheat variety must be higher in baking strength than is necessary for a wheat in the United States, for the reason that Canadian wheat exported overseas has to make an acceptable loaf when mixed with quite inferior quality European wheat, a condition which American varieties do not have to meet with to anything like the same extent.

ITEMS OF INTEREST IN "THE WORLD OF FOODSTUFFS"

The United States Department of Agriculture, in its final crop report of the year, estimated the wheat crop at some 1,144,443,000 bushels, compared to last year's crop of 1,131,554,000 bushels and the ten year average of 991,950,000 bushels. The U.S. corn was estimated at 3,777,790,000 bushels, compared to last year's crop of 3,417,782,000 bushels and with the ten year average of 2,787,621,000 bushels.

The World's wheat crop is now estimated at 1,185,000,000 — 200,000,000 bushels below last year's production.

The Argentine's flaxseed crop is now estimated by private sources at from 25 to 26 million bushels.

EGGS MOVE FROM EAST TO WEST

During the fall the egg market took a somewhat unusual turn. For the first time in nearly forty years, there was a large movement of eggs from eastern to western Canada. During September-November no less than 48 cars of 35,750 cases moved from east to the Prairie Provinces and Northwestern Ontario.

The unusual demand posed something of a conundrum, because baby chick sales in western provinces last spring increased by 8.5 per cent over the previous year. The movement seems to have arisen from unexpected demand and a scarcity of eggs in British Columbia, the normal source of supply for additional require-

made more than 20 flights to patients in isolated areas.

The 32-year-old medic served as a medical officer in the Canadian Army from 1943 to 1946 and on his discharge assumed the more active part of his father's practice. Now, when roads are impassable he simply climbs into his plane and flies to his patient, landing in any nearby field.

COMMANDOS HOCKEY STORY

Continued from front page
crowd was expectant and the execution was nervous. Jim Humphries thought he should have with the gate John Davidson went shortly, Ken Stole and Stan Ryan looked worried and a little nervous. The publicity director figure 10 and P. T. Barry would be in the same class in advertising "The biggest show in the world" Why?—well you see, quietly, the Edmonton press hadn't arrived and hadn't been heard from. They wrapped their car around some guard rails on the Parkway 13th and were delayed. Damages about \$40.00! The enthusiastic welcome in the Commandos dressing room our local Dr. J. D. Wallace was asked he had brought his equipment from the city.

In the second period however, the local boys started to roll with Coach Wilhart sending Jimmy Stewart (11), just returned from playing in the Scottish League and Walter Dulchak (1) to start on defence. A goal at 5:30 Glasgow (13) from Dutchak started the crowd yelling. Rangers tied it up 7:15 on a passing play Charuk (16) from Demchuk (6). Giltner (14) scored on a fast passing play with Stewart and Glasgow. Rangers picked up the next play to move in on Commandos. In attempting to rebound the shot to Stewart for a break away, was hit by the goalie. The first four goals covered exactly 5 minutes of high-calibre play. Commandos winning goal came at 18:5, Dutchak from Quire.

The third period saw Rangers take as Commandos pressed the attack with Giltner scoring at 5:50 and Meyer (10) at 11:00.

WAINWRIGHT, ALBERTA

from Sheffield at 1:15. Quire slipped in a tricky goal on a quick move. The Ranger net, Jerry Uthry, who played effective both-way hockey all evening picked up two goals at 16:27 and 18:46 to close the scoring. The last passing play of the season was staged by Uthry. Geores and Quire who moved right up centre ice, through the Ranger defence but were beaten by the Ranger custodian.

Dutchak, Porrett (6) and Stewart all played with Camrose Maroons in 1949-50 in International "A" Competition. Porrett with 10 goals and 10 assists. Last Juniors in 1947-48. With these boys setting up the play from the defence out, the local boys played inspired hockey. Glasgow was the most effective local player, showing a rugged attack, timely passing and doing a full share of check checking. Raelot got away some powerful rushes from the defending area. Inks was not over-worked on Saturday night but backed up the Commandos all the way. Tenney third in the last period but the officials had the same to say. The Rangers suffered casualties to some of their regular players in a game with E.A.C. Juvettes on Friday night. The accounts for their disorganization in the last period.

Lineup—
Rangers: Bradshaw, Oliver, Lee, Stelnach, Demchuk, Charuk, Dowhan, Luk, Hrechuk, Gorstine, Smith, Kasalan, Wynnyehuk, Finlay (coach).
Commandos: Meyer, Quire, Meyer, Geores, Murray, Glasgow, Giltner, Dutchak, Quire, Targert, Uthry, Stewart, Raelot.
Referee: Mike Pondich
Astr. Referee: John Mitchell

HARVESTORS HOCKEY STORY

Kenn Torg
Johnny Walberg with 5 goals, lead his Chauvin senior team against the Wainwright Harvesters in a 5-3 game at 7:00 p.m. on Wednesday night. The Harvesters, local juvenile club, weighted-up for the game with Nordstrom, Kenn Torg, Stephenson and Hillier in the centre zone. Torg's passing-hockey against their heavier opponents. Chauvin has only one team this year, which is unfortunate and Hillier gave a good account of himself in their own age bracket to develop hockey players. The exhibition game renewed the friendly competition among the district teams.

Chauvin scored at 2:11 with Madkins qualifying at 4:50 Walberg scored two more on solo rushes—then Hallett, combined nicely with Hillier and "chuck" to score for Harvesters. Chauvin made it 5-3 with goals from Chris and Fahner. In second period Nordstrom and Torg set up numerous plays from the defence resulting in goals by Carter (2), Torg and Welsh. Play roughened up and at one stage there were stick-hand-guns and gloves flying around the centre zone. One Wainwright player was ridden to the corner by two Chauvin boys, as every-thing enjoyed the game. Madkins and Welsh scored in the third period for Harvesters and Chauvin kept it 5-3 even as the game sounded.

Chauvin: Miller, Perry, Mallonchuk, Dewar, Wahlberg, Furbush, Christie, Fahner, Don Saul, Davis, Halls, Bob Saul and Baker.
Harvesters: Stephenson, Cofford, Madkins, Nordstrom, MacKenzie, Torg, Smith, Ramsey, Hallett, Welsh, Hillier, Carter, Messier and McGowan.
Bob Mackay of Edmonton managed the team.
Returning a game to Irma on Saturday afternoon the local Harvesters lost 6-3. Several of the local team work on week-ends so the defence was not too effective. Marsden scored on a sound-passing play with Sheffield; and Welsh scored in the centre zone. The determined Irma Juveniles who played a rugged and fast game Marsden and Dawson scored in the first period. Marsden, Frickleton and Dawson in the second and Hockett in the final.
Harvesters: Smith, Madkins, Raelot, Ramsey, Welsh, Hallett, Carter, V. Smith, Harden, Marsden, and Wear.
The clubs "Thank You" for cars generously donated by Walter Taylor and Kenn Torg.

Sydenham F.W.U.A. Elects Officials

Sydenham F.W.U.A. No. 710 had the January meeting at the home of Mrs. W. C. Taylor with Mrs. Driver presiding. As the opening Mrs. Hasted to a recording of a sacred song by Mr. Hays. Thirteen ladies answered roll call with a New Year Resolution. One new member joined making seven paid up members for 1950. The hospital agreement petition was to be kept in circulation. Mrs. Taylor took the chair for the election of officers.
Mrs. C. Alexander as President (Mrs. Driver and Mrs. Akroyd withdrew).
Mrs. Bachman elected as Vice-President (Mrs. Myggland and Mrs. Arthur withdrew).
Mrs. Dalton elected as Sec.-Treas. (Mrs. Arthur withdrew).
The following convenors for the bulletins were appointed:
Health—Mrs. Arthur
Arts and Crafts—Mrs. Kinghorn
Horticulture—Mrs. Bachman
Co-operation—Mrs. Akroyd
Social Welfare—Mrs. Dalton
Bural Housing—Mrs. Driver
Young People's Work—Mrs. Killoran
Education—Mrs. Alexander
Legislation—Mrs. Taylor
International Affairs—Mrs. Bottaro
Mrs. Alexander gave a concise and interesting report as delegate to Convention for which she was given a hearty vote of thanks. After adjournment on to get out of the hall. Mrs. Taylor served lunch. February 2nd meeting at Mrs. Driver's. Each lady was given a 1950 program. The retiring officers wish to thank everyone in the district

Home and School Ass'n. Hears Panel Discussion On Education

The Home and School Association spent a most enjoyable evening on Friday, Jan. 6. During the short business session the members expressed themselves so being in favor of Wainwright being held at some time which does not conflict with school attendance as between Christmas and New Years. There was also a motion that the school should be explored on cars speeding past the new school signs.
The president, Mrs. Torg, then handed over the meeting to Mr. Taylor for the panel discussion. "Our Education—does it serve our society?" Mr. Taylor opened the discussion by explaining that our new system of studies was based on a new philosophy. It has been in effect for over a decade during which time certain defects have shown up which are being changed. It is to be some what modified. He had chosen the four speakers for their ability to discuss the new course from different viewpoints.
Miss Mayne then outlined the program from the teachers view point. She explained that in the new course the teacher must know her pupils and aim to give each the individual treatment he requires. Learning through doing is much emphasized but actively planned. The teacher should be the child how to get information and tries to lead him to draw his own conclusions. The aim of the course is to produce an individual who can think for himself.
As a parent, Mrs. Taylor made some thought provoking comments. In looking back over her own school life, she said that it was the personality of her teachers that had made the greatest impression on her and she thought that the greatest need of today was to get the finest types of young people into the teaching profession by making it more attractive. She agreed with reports from Dr. Rossman, a leading Alberta educationalist, that many Grade 12 students today cannot read intelligently or intelligently, neither can they spell or add correctly. Her suggestions were that the first six grades needed more drill in the fundamentals that she would like to see a very definite emphasis on training for citizenship in Grades 7 to 9 and that more practical subjects like health, home

making, and practical psychology should be compulsory in High School rather than subjects which may be of no use to the student in adult life. He believes that a student should feel the duty of citizenship when leaving school.
Mr. L. W. Smith, as an employer of many high school graduates, deplored the fact that most of them now—a days are unable to write letters properly, to use good grammar or to add. He rectly. He said that the traits of character honesty, ambition and initiative were largely built up in the home and that the schools could not be blamed for lack of these in high school graduates. He believes that world conditions have affected the character of the young people who seem to have less ambition to succeed through their own efforts.
Mr. Jack Perkins next spoke as one who had been educated under both the old and the new systems. He said that he liked the new system which was in effect during his High School days. He liked the freedom of choice of subjects and the fact the cooperation rather than competition was stressed and the practical nature of such subjects as book-keeping and typing.

There followed a lively interchange of questions and answers between members of the panel after which the audience also participated in the discussion, which was so interesting that the co-operation rather than competition was stressed and the practical nature of such subjects as book-keeping and typing.
At the next meeting, January 26, there will be further discussion of the course with some of the new text books on display and explain the grading system and the system of credits in High School. The meeting will divide into two groups for the discussion of the elementary and high school courses. The concluding item will be a spelling bee where we hope to find out if some of our members can really spell the rising generation.

Town Topics

Much talk has been heard in the district recently concerning the future of intermediate hockey in the town, and particularly the future of the type of hockey played by our Commandos. As usual there are two sides to the discussion with the pro and con's being argued at length in a spirited and sunny. Unfortunately a number of those arguing against intermediate hockey are men who have had none of the head-on experience of the game. Each one of us who have had the good spirit to get out to a game and support the team.
Those of you who have seen the Commandos play will agree that for the first time in years we have a hockey team. The boys are fast and keen, and are starting to play together as a team. They are in the light on defense but this is being remedied at present and we will soon have a very well balanced hockey club.
Since the boys settled down after the Christmas holidays they have won two games and lost only one. Those of you who were fortunate enough to see last Saturday's "drama" game in which the Vegreville Rangers absorbed a 5-3 drubbing will agree that "you would go a long way before seeing a faster or more exciting game of hockey. The game tonight against the highly touted grumbles of the league, the Lloyd Huskies should also be a dandy game.

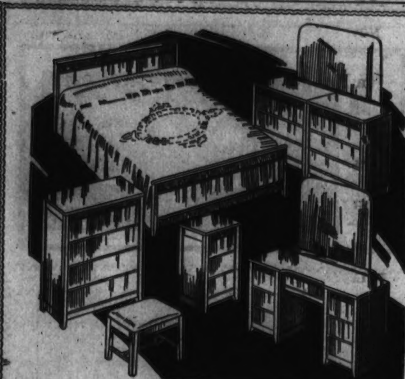

The high-handed attitude of the league President in suggesting, at the instigation of Lloyd, that we should accept a "drama" game of the league, is poor sportsmanship to say the least. When Vegreville scuttled the League a year ago by backing out, we felt like the white hand boys with all the invitations we received to come on in. As unready as we were for this type of hockey we decided to accept. As for their kind co-operation in our various undertakings and the new executive invite all the boys of the Gerald and Sydenham districts to join with us in 1950.

Better alone than in bad company. Pleasant company shortens the miles. A house is no home unless it contains food and fire for the mind as well as for the body.

Grace Guild Notes

The regular January meeting of Grace Guild was held at the home of Mrs. A. Robb, with Mrs. Madeline Gaudin and Mrs. Foxall as hostesses. A most profitable, interesting evening was spent in spite of the smaller attendance due to cold weather and illness.

A thoughtful devotion was especially presented by Mrs. J. D. Walker. The theme was "The Motive of Gratitude," which pointed out that our debt to God and to the fellow-men who have preceded us in natural blessings, is a debt which can only be repaid by consistent church work, continued social service and promotion of missionary enterprises.

Reports from the Novelties Table at the Christmas Bazaar, which had netted \$10.00 and from the boxing of fancy Christmas cookies, which brought in over \$27.00 were given by the conveners, Mrs. Robb and Mrs. Foxall. A prize, donated by Mrs. L. Meyer was won by Mrs. L. Barlow.

The February meeting will be at the home of Mrs. H. Nordstrom on February 1st.

ROSE WILLOW W.I. HOLDS MEETING

The first meeting of the new year of the Rose Willow W.I. was held at the home of Mrs. Smale.

We had the usual opening, proceedings. The roll call was answered by "An old proverb." The minutes were read and adopted. The correspondence was read and discussed.

We made a donation to the T.B. fund.

Mrs. Ott gave a paper on household economics. We decided to all go and visit Mrs. Warner for an afternoon and work on our quilt.

The next meeting is to be held at Mrs. Garry's on Feb. 2. The roll call being "I like this remodeling idea."

After we adjourned we did justice to the lovely supper served by Mrs. Smale.

NEWS & VIEWS OF TOWN AND DISTRICT

BORN—To Mr. and Mrs. Leo Cotter of Edmonton, at the University Hospital on January 5th, a daughter.

BORN—To Mr. and Mrs. H. McManis of Belleville, Alberta, on January 5th, a daughter.

BORN—To Mr. and Mrs. C. O'Connell of Wainwright, at the Wainwright Municipal Hospital on January 5th, a daughter.

BORN—To Mr. and Mrs. T. Wierchow of Wainwright, at the Wainwright Municipal Hospital on January 5th, a son.

Mr. S. J. Robb, who is in Edmonton this week attending a District Agricultural Conference.

Mrs. S. Pratt is here from Camrose visiting with her daughter, Mrs. S. Robb.

Mr. Benny Meyers who was employed in Calgary, has decided to stay in Wainwright and support the local hockey team.

Mr. Floyd Mygind, Miss Georgina Gardiner and Mrs. D. Gardiner went to Edmonton Monday to spend a few days visiting and shopping.

R. Richard, who has been relieving for Mr. Tolmie has moved to Vermilion where he will relieve.

Mr. and Mrs. K. Faby made a trip to the City last week-end.

Mrs. Sterling Tury and daughter Allen were visitors to Edmonton last Friday.

Amos Church, who has been on the sick list for the past two weeks has resumed his duties at the Army camp.

J. A. Dixon, who has been away for a time has returned to his desk as operator at the C.N.R. office.

Mr. John Robinson, fourth year law student at University in Edmonton, spent New Years day visiting at the J. A. MacKenzie home.

Adeline Rebekah Lodge Installs Officers

The following officers were installed in Adeline Rebekah Lodge, Thursday, January 5th for the year 1950: Junior P.N.G.—Sister Agnes Donaldson.

N.G.—Sister H. Torrance

V.G.—Sister L. Stuart

P.S.—Sister K. Foxall

Trust—Sister D. McCuskey

J.S.—Sister E. Karr

War—Sister L. Walker

Con—Sister J. Madill

Steward—Sister M. Mitchell

Chap—Sister L. Armstrong

R.B.N.G.—Sister M. Mitchell

L.S.N.G.—Sister G. Faby

S.S.N.G.—Sister M. Symes

L.S.N.G.—Sister Aileen

I.G.—Sister M. Hunting

O.G.—Sister D. Rutherford

GREENSHIELDS

Messrs. Carl and Paul Lundberg are working at the Wainwright Army camp just now.

Mrs. H. Pfister spent a few days in town last week, the guest of Mrs. J. Hill.

We regret that Miss Muriel Hill has been ill and a hospital patient.

The regular meeting of the Green Shields Ladies' Aid will be held at the home of Mrs. W. B. White Thursday afternoon January 12th—weather permitting.

The local trade service has been a bit uncertain during the cold weather but this week, cut in half, is very disappointing to say the least.

HEATH

Mr. and Mrs. H. Sparks of Kelowna, B.C., were guests at the home of Mr. Sparks brother-in-law and sister, Mr. and Mrs. W. Spornitz for several days last week.

Mrs. Lloyd Davis and baby daughter arrived home from the hospital one day last week.

Due to illness Rev. Hilmy has not been able to hold services in St. Patrick's Church for the past two Sundays. From latest reports Mr. Hilmy's health is improving and we hope he will recover his normal strength again.

Mrs. Art Watson returned to her home at Arltland on Friday.

St. Patrick's W.A. held its annual meeting at the home of Mrs. W. Spornitz last Thursday afternoon. Officers elected for 1950 were: President Mrs. P. M. Ford, Vice President Mrs. A. Patterson, Secretary-Treasurer Mrs. J. Bartlett.

FABYAN

Mr. Joseph Rieder and family arrived in Canada from Germany on Dec. 14th. They plan to make their home in Petrolia, Ontario. Mr. Rieder is a brother of Mrs. Andy Flocker.

Mr. Ralph King and Albert Dalton left on Monday morning for Carrot Creek. Ralph is putting his catamaran tractor to work there for the winter months. They expect to return home this week-end.

Mr. and Mrs. Ralph Culbertson and two little girls Nancy Lee and Marilyn from Searling, Iowa, are visiting with Mrs. Culbertson's parents, Mr. and Mrs. M. Bodnar, they plan to start their journey home a distance of two thousand miles, this week-end.

Mrs. Les Mody and son of Devon visited with her parents, Mr. and Mrs. M. Bodnar over the week-end.

Mr. Culbertson is driving Mrs. Mody to her home in Devon today.

Mr. Albert Wright is in Wainwright Hospital convalescing from an attack of pneumonia.

Miss Muriel Hill has spent the past week in the hospital and we hope that she will be up and around again soon.

Mr. Gordon McQueen left Saturday morning to resume his studies at Guelph University, Ontario.

Mr. and Mrs. O. Michon spent the Christmas holidays visiting their sons and families in Edmonton.

Miss Agnes Cumberland of Melville, B.C. is spending a few days in Wainwright visiting with her sister and brother.

On Friday, January 6th, the members of Sunshin Club met at the home of Mr. and Mrs. Wm. Baile to offer congratulations on the occasion of their 25th Wedding Anniversary.

A very pleasant afternoon was spent and a delightful repast was enjoyed by all present.

The biggest crowd of the season was out to skate on Sunday afternoon—collection \$447. There are still a few who haven't got a season ticket.

The Board of the Buffalo Park Grazing Association met on January 6th, to be reported in next week's paper.

Miss Mildred Smith returned home last week from Melville, B.C., where she has been employed for the past three months.

Please note the change in train service now effective. Train No. 11 from the east will arrive on Mondays, Wednesdays and Fridays at the usual time.

We are sorry to learn that Mrs. J. Shadbolt underwent a serious operation in the Wainwright Hospital Monday and we wish her a speedy recovery.

LIBRARY NOTES

The Library Association will hold its annual meeting at the Town Hall on Wednesday, January 18th.

GILT EDGE

Miss Vivian Beasley returned to Three Hills last week after spending the holidays with her parents, Mr. and Mrs. C. Beasley.

Andrew Blison motored from Calgary to spend a few days visiting with his sister Mrs. Elwood Plakow.

The Anderson family were previous guests of Mr. and Mrs. Bob Roberts Wednesday evening.

Mr. Harold Craig motored to Larchmont Thursday to bring Mrs. Craig home who has been visiting with her mother there.

Mr. Herb Jones of Edmonton was a visitor at the kitchen home on Friday.

Guests at the home of Mr. and Mrs. Harold Tester Friday evening were her three brothers and families of the Fabyan district.

ASCOT

We are sorry to report Dick Tetteral is a patient in the local hospital. We wish him a speedy recovery.

Mr. and Mrs. Dick Tetteral attended the funeral of a former neighbor of theirs at Vermilion, Mr. J. Davis, who was killed in an accident, at an oil well at Lone Rock, Sask. last week.

There is a real shortage of news this week I guess the weather is to cold for much activity.

A number of people in the district attended the hockey game in town Saturday night. We were all very pleased to see Wainwright with the winning score at the end of the game. Keep up the good work boys.

We are sorry to hear Fern Jackson is on the sick list.

TO THE EDITOR:

The recent move by the Hockey Committee of the Wainwright and District Chamber of Commerce and Agriculture, in putting Wainwright on a hockey par with towns like Camrose, Ponoka and Lloydminster is more than an improved hockey entertainment offered to the district.

It represents the most effective advertising medium that can be used to advance the town's claim to its rightful importance in Alberta.

Last year the P.M.C. Society pushed forward the erection of the Arena as a first essential step in waking up the town's sporting interest and providing facilities. Last year the Chamber of Commerce decided to get into the Eastern Alberta Hockey League as the second step. With the co-operation of the local men who play and work, and this includes the very fine community spirit shown by Irma and Edmonton residents who want better entertainment brought to this area, the Commandos have been building up along the same lines as the organization above. The local Military Camp is co-operating fully in providing equipment for several players.

Last Saturday night another milestone on our progress was reached with some Edmonton-developed hockey players engaged to spice up our local team.

You liked the game—as I stood at the door I could feel the expectancy and the growing thrill and final satisfaction of a crowd, a natural and vital human reaction.

But two things you must do now if you want to maintain your present position. On Saturday night, in -30 degree weather, nearly 500 people went through the ticket office, from interest and belief in our advertising. On Wednesday night, when Lloyd Hussey played in the local P.M.C. we want the rink full to show your Hockey Committee that you approve of their decision.

Gordon Wilson, age 16, only son of Mr. and Mrs. W. H. Wilson of Coronation was fatally injured Monday, Jan. 9th, while helping to make plans at the high school in Coronation. He received serious head injuries and was taken to hospital, but died at 7:00 p.m. Despite all medical attention, Gordon Wilson was a brother to Mrs. Marvin Jackson of Greenhills and our sincere sympathies are extended to the family. Mr. and Mrs. M. Jackson left Tuesday morning for Coronation where they will attend the funeral.

Mr. J. Tolmie and Miss Colleen Black returned home from Lethbridge where they have been visiting since before Christmas.

Miss Anne Alexander has been staying with Mrs. Tolmie and going to school during this long cold spell.

Post office hours are from 9:30 a.m. to 5:00 p.m. except for mail sorting.

Train No. 13 from the west will arrive on Tuesdays, Thursdays and Saturdays, at the usual time.

Mail closing time for westbound train is 11:00 a.m. and for eastbound 11:00 a.m. Please come in the morning and avoid waiting.

J. S. Robb, district agriculturist is a visitor to Edmonton.

J. H. Bullock left on his holidays on January 6th. He is visiting Stratford, Ontario, where his family reside.

Mr. Eddy Meyers was a business tripper to Edmonton Monday.

Mrs. Watson and two children from Rapid City, Man., are visiting with Mr. and Mrs. C. Madill for a time. Mr. Madill and Mrs. Watson are sisters.

Don Miller, of Nokomis, Sask., has returned home after a visit with Mr. and Mrs. Ken Miller.

Also we want to show Lloydminster citizens that Wainwright is on the Main Line of the C.N.R., that it is a sporting town that will back up its team.

Secondly, gate receipts alone don't pay all the expenses of modern hockey advertising. There are established business men in Wainwright who should put some money behind the Hockey Committee. In Ponoka forty business men put up \$100.00 each to start the club. In Lloydminster I understand Husky Refining Co. have a substantial interest in the club. In Wainwright several business men, who remain anonymous, have put up \$100.00 already, while others like Coach Wilkie and Manager Shuffield put up much more in time and headaches to put this thing over. I heard several men, while filling out of the arena, say it was worth \$10.00 to see that kind of hockey. Let me suggest that you consider the value of the advertising to this Wainwright district of Alberta, and show some practical effort to boost your Chamber of Commerce and Agriculture. Also let me say "Thank You" to the 500 "first-nighters" who saw Commanded play hockey on Saturday night.

CONRAD IN ARMS

Shown in arms (left to right) are Orlene LaFiche, Edmund Hockridge and Terry Dale, the three singing stars of the program Conrad in Arms, heard Wednesday at 7:00 p.m.

HOW HARMFUL ARE CIGARETTES?

The tidal-wave increase in cigarette smoking in a single generation, stands as one of the most remarkable mass changes of human habit in all history, declares Roger William Tills in The Reader's Digest for January. Last year, 460 billion cigarettes were consumed in the United States and 15 billion in Canada. About 100,000 American non-smokers are joining the smoking ranks annually.

The Digest article, one of the series of "Reports to Consumers," appraises the effects, harmful and otherwise, of this "nationwide cloud" of cigarette smoke upon public health, as shown by medical findings to date.

Two chemicals in cigarette smoke—benzo-pyrene and nicotine—are under grave suspicion, though medical science "has so far not proved a case" against them. Nicotine, in pure form, is so violent a poison that the amount contained in two cigarettes would kill a smoker quickly if injected into the bloodstream. But in smoking, most of the nicotine escapes into the air; only a slight percentage is absorbed by the mouth and lungs.

WEST on the CBC Dominion network. Western Canadians all, Orlene is from Winnipeg while the others were born in Vancouver. Each week the program features a different branch of the armed services.

Though benzo-pyrene is a irritant rather than a poison, it is a greater threat to heavy smokers than is nicotine, according to many physicians. Throat irritation, the most common charge against smoking, is blamed by doctors on incompletely burned tar products, of which benzo-pyrene is the chief ingredient.

Medical opinion differs on smoke-induced damage to the lungs. Cancer of the lungs has shown a marked increase in recent years, and some authorities attribute this higher incidence to a parallel increase in cigarette smoking. Others do not. The American Cancer Society formally states that no answer can yet be accepted as scientifically valid.

It is generally agreed, however, that cancer of the mouth, tongue and lips is "unduly prevalent among smokers." Researchers in Michigan, Illinois and Pennsylvania have concluded independently to the conclusion that the majority of victims of cancer of the tongue are excessive users of tobacco.

Cigarettes retard hunger, the author states, by suppressing stomach-wall contractions which produce the hunger sensation. Hence smoking interferes with appetite and thereby with good nutrition. A gain in weight is commonly experienced by persons who have foregone the smoking habit.

Heartburn and gastritis may be caused by excessive smoking. The article gives no evidence that stomach ulcers are so caused, but states that excess acidity of the stomach caused by smoking "provides the kind of climate ulcers like." Ulcer patients who smoke have more relapses than those who do not.

On the effect of tobacco on pregnancy, doctors have concluded that "smoking does not harm pregnant women any more harm, or any different harm, than it does anyone else." Mothers' milk has been found to analyze 1.4 parts nicotine in ten million, among moderate smokers; 4.7 parts among heavy smokers. But no effect on babies has been detected.

The Reader's Digest article reports evidence that smoking impedes the growth and chest development of college-age men. Coaches are almost unanimous that muscular power is lowered and that fatigue begins earlier in smokers.

Heart disease is more prevalent among smokers than non-smokers, and smoking may intensify "existing" heart disease. His states. Smoking speeds the pulse by as much as 25 beats per minute, and raises blood pressure "markedly and quickly." As yet, however, no proof exists that smoking causes heart disease or high blood pressure.

Studying the life spans and smoking habits of more than 6,000 white American males, a physician at Johns Hopkins concluded that 66 percent of non-smokers at the age of 20 "will reach 60, but that only 41 percent of light smokers and a mere 44 percent of heavy smokers will double their age at 30. Other doctors disagree, holding that heavy smokers are temperamentally the kind of people who do many things to excess and thus are more likely to die early.

LAKEHEAD RECALLS SILVER MINING ERA

FORT WILLIAM—The colorful days of the early 80s when hundreds of men scoured the territory between the Manitoba border and the lakehead for gold and silver, were recalled by the recent sale of silver mining properties in that area.

The properties, about 25 miles west of here, include the old Porcupine, Silver Creek and others in the townships of Falgout, O'Connor and Gillies. When the pioneer discoveries were made silver was more sought after than gold. It was easier to find, simpler to mine and had a ready market. An old map of the area published in 1887 shows a large number of silver properties and it is believed that the new impetus to silver mining may open up some of the old discoveries.

Living conditions were primitive at the time of the first strikes and the government road linking the mining area and the lakehead was in poor condition.

The road was later improved and many barrels of silver concentrates were taken by team to Marlin, east of the lakehead, and shipped to refineries in the east.

Oliver Douma, noted early prospector of the district, was responsible for the location of many promising discoveries. Sometimes it was through his friendship with the Indians that he was able to find lodes known only to them.

Earliest discovery of silver in the area came at Arrow Lake. An Indian

pointed it out to his employer, W. A. Kindred of Minnesota, who was exploring for pine timber.

The second, at Rabbit Mountain in 1882, was also found through an Indian who knew of the existence of a large deposit. He gave Douma only general directions because he feared evil spirits would follow him if he told the white man directly where to find it. Douma, after some research, was able to locate the outcropping on what later proved to be rich silver property.

CHIEFS WORK GOT SCHOOL ON TRICE

NORTH BATTLEFORD — An old Saskatchewan Indian chief is a happy man these days—a 20-year dream is coming true.

A new day-school for children is nearing completion on Sweet Grass Reserve near here, result of 75-year-old Chief Swimmer's tireless efforts to win more educational facilities for his people.

First institution of its kind on the reserve, the school is being built by the department of Indian affairs, and will start off a much larger program if the old chief gets his way. Already formulating plans for obtaining a boarding-school, Chief Swimmer has the energy of a much younger man, going straight to the authorities to get things done.

"My road along the way that leads from my reserve to the Indian department at Ottawa," he says, "and that's the road I want to walk in." Mixing hard work with his forthrightness, the chief recently led a work-party in building a winter road to the new school. Despite his age, he swung an ax himself—just to ensure "everyone did his part."

RAYONS TAG ALONG WITH NYLON SALES

LONDON — British retailers are working a razzle-dazzle with rayon and nylon stockings.

To use up surplus stocks of unwanted rayons they are offering boxes containing one pair of nylons an two pair of rayon stockings.

"Mixing an assortment of stockings in a gift box is legal," says the Board of Trade. "At the same time, every customer has the right to ask for nylons and if those in the boxes are the only ones in the shop, to insist on having them without the rayons."

"You try that," answered women shoppers.

But the Board of Trade still has the last word. "A shopkeeper who refuses to sell nylons alone is committing an offence by imposing a condition of sale."

TS CONTROL. Slowly but surely preventive and treatment measures are bringing tuberculosis under control. In recent years this disease has been brought from seventh place on the list of killers. But TB is still the greatest threat to young people and regular

check-ups should be made to guard against it. Kindness in ourselves is the honey that blunts the sting of unkindness in another.—Landon.

THE MENACE OF FEAR
One of the worst aspects of cancer is the fear it inspires in its victims. In many cases fear of long hospitalization and surgery with its attendant expenses causes people who suspect they may have cancer to put off having an examination until it is too late. Many cases of early cancer can be cured.

BUBY AND HAPPY
Be up to your ears in things. This is the one sure way to happiness—laugh, drive a truck, taste—these are all ways to happiness if you really work at them.

BOARD OF TRUSTEES

Kitchen ... Kinks

TO SAVE THEIR SKINS

"To Have Their Skins" has become a common expression applied to a narrow margin of safety of human beings. Saving the skin of various foods may also mean a narrow margin which, when practiced regularly, adds up to a considerable amount during the year. Here are some good suggestions offered by the home economists of the Consumer Section, Dominion Department of Agriculture.

Using the skins of fruits is an old old story, always worth emphasizing. So much of the flavour lies in the skin. Applesauce, cooked without peeling the apples, then pressed through a sieve, has a rich colour and special flavour. The bits of red skin left on the cubed apples in a salad, add not only flavour but colour. A new idea, much liked by those who have tried

it, use the finely grated skin of the apples as an extra bit of flavour in apple pie.

Carrots—even add ones—may be well scrubbed, grated without peeling and baked in a casserole with very little water and a dab of butter. This way they are delicious.

Beets are cooked with skin on and then peeled thinly and easily after dipping the hot beets in cold water. The skin which forms on heating milk contains valuable milk solids and, if skimmed off, is wasted. Cover the milk or stir while heating to prevent the formation of skin. Don't have that skin on the cup of cocoa, beat it with the Dover egg beater just before pouring.

Cover custards or corn starch puddings while cooling. Cool quickly and keep the top smooth and soft instead of tough.

Grate the peel of citrus fruits before squeezing the juice. Save it to use for flavouring. The skins left when juice is squeezed for breakfast make good marmalade.

Prevent that unattractive grey scum on stews or soups by gentle stirring.

A TOAST to the...

Electric Company Employees

The fellows who give us electrical service 24 hours a day — 7 days a week.

Through good weather and bad these people bring us a necessity we can never do without.

mering instead of rapid boiling.

Potato Secrets

6 large potatoes
1 cup ground, cooked meat
1 cup gravy or cream sauce
1/2 teaspoon onion juice
Salt and pepper to taste
1/2 cup cooked carrots, finely chopped
Wash and scrub potatoes well. Bake in a moderately hot oven, 375 degrees F., until soft, about 1 hour. Mix meat, gravy, seasonings and carrots. Cut slices from broad sides of potatoes. Scoop out potato, leaving unbroken shells. Mash potato, add salt and pepper to taste and a little top milk. Whip until fluffy. Half fill shells with meat mixture. Pile potatoes on top. Reheat in oven until potatoes are lightly browned and filling is hot. Yield: six servings.

Shredded Carrots and Onions

13 medium carrots
2 medium onions
4 cup water
4 tablespoons mild-flavoured fat
1 teaspoon salt
Wash carrots well. Peel onions, then shred both vegetables, using a c-eras grater or shredder. Cook with remaining ingredients in a tightly covered saucepan for 10 minutes. Yield: six servings.

A GOOD SLOGAN

Moderation in all things is a good slogan. But nowhere does it apply more fully than in the field of exercise. Suitable exercise is necessary to keep in good physical condition but too violent exercise—or exercise where there are physical weaknesses—may be dangerous. Your family doctor can tell you the best way for you to keep in shape.

A solicitor was walking along the street when he met a friend to whom he had recently given some simple legal advice, and to whom he had sent his usual sizeable bill.

"Nice day, isn't it?" remarked the friend, and then added, hastily: "But I'm not asking you; I'm telling you."

JUKE BOX JURY

What's the verdict? — That's the question facing these four men of CBC Toronto and their glamorous guest. The occasion—a recent session of Juke Box Jury, heard each Saturday at 5:00 p.m. on the CBC Dominion net.

GUARD AGAINST FROZEN CREAM

Some of our cream producers may have developed methods of handling their cream during the spell fine weather that will lead to freezing and lower grades now that winter has arrived. Allowing cream to freeze is unworthy of a good dairymaid, says O. H. McCallum, Alberta's Dairy Commissioner. Frozen cream grades lower and causes financial loss to the producer. It results in poorer quality butter. It requires extra handling at the factory and delays the return of cans and cheques. Frozen cream cannot be sampled or tested with accuracy, and it causes excessive loss of fat in the buttermilk.

To prevent frozen cream Mr. McCallum offers the following suggestions: 1. Store the can of cream in a tank

work. The jurors are (left to right) DICK MACDOUGAL, JOHN HALL (jury spokesman in the absence of Emyr Whitaker), DREW CROSBAN, MOM recording vocalist HELEN Forrest and Edwoud Glover, The Defendant—a recent popular recording.

of water which is kept cold but not allowed to freeze to any extent.

2. Protect containers from excessive cold during transit.

3. Deliver cream to the station only a short time before the train arrives. Leaving cream on platforms several hours before train time is bound to cause freezing.

SHELTERBELTS FOR ALBERTA FARMS

Tree planting on prairie farms adds to the comfort of living, provides shelter for orchards and gardens, and attracts bird life to assist in the control of harmful insects. Well planned windbreaks and shelterbelts improve the appearance of the farmstead and increase the value of the farm. An important contribution made by trees is their effect on reducing wind velocity. Loss of valuable soil by wind erosion is reduced rate of evaporation is lowered in the protected area, and the rate of transpiration from crops within the sheltered zone is slowed down. To produce a thriving shelterbelt requires time and patience, but as the years go by it is surprising how quickly results are achieved. Much depends on the planning—types of trees, spacing, location and so on, but guidance can be had for the asking. Your District Agriculturalist will be pleased to help with your problems, or letters addressed to the Supervisor of Horticulture, Alberta Department of Agriculture, Edmonton, will bring the information you desire.

DON'T BUY WEEDS

If you have to buy seed get it now, but make sure of the quality. The best seed you can buy is some too good, warns A. M. Wilson, Alberta's Field Crops Commissioner. Too many weeds are going into the ground the seed drill way. If you buy seed in your own district, make sure that it is free from dangerous weeds. If seed has to be bought outside the district, buy only graded seed. Seed of low quality will save you a great deal of effort in eradicating weeds in future years. Beware of Tartary Buckwheat, Hairy Vetch, Lentil Spurge and other grief producers. A few weeds are enough to introduce a whole new problem. One or two weed seeds in a handful of grain may not look serious—but in one pound of grain there are around 60 handfuls. If you follow this through on a bushel basis you will get an idea of the problem it creates. Build for the future. If from two to ten acres of the best land on the farm is set aside and sown with registered seed, the seed problem from year to year will take care of itself.

FERTILIZER RESULTS

A rate of 60 pounds per acre of 11-48-0 fertilizer for grain crops in many parts of Alberta gave more profitable increases than a 25 pound or 15 pound rate, according to results of the past year's trials considered at a recent meeting of the Alberta Advisory Fertilizer Committee. The Committee also advised that the use of fertilizers on both stubble and summerfallow gave good results, and that barley and oats responded to fertilizers as favourably as did wheat. Farm manure, one of the best of fertilizers, gave exceptionally good returns during the past season. The Committee had a word of caution about the use of liquid fertilizers. They advised that tests to date at the Universities of Alberta and Saskatchewan, have not shown any favourable effects from the application of liquid fertilizers to grain crops. They also pointed out that in the liquid fertilizers, the fertilizing elements (phosphorus, nitrogen and potash) proved to be around 80 times as expensive as the standard fertilizers. Those considering purchase of liquid fertilizers are urged to keep these facts in mind. Further work will be done with liquid fertilizers in 1950 by comparing them in field tests with granular fertilizers and unfertilized plots.

FAMILY PROTECTION

Nearly all of us have coughs or colds at one time or another in spite of taking precautions. But we can protect our families and friends by taking care not to pass on the virus to them. A day or so in bed at the beginning of the cold—when it is most contagious—may seem like a waste of time, but it is the best protection for your family and friends.

A word of kindness is seldom spoken in vain, while witty sayings are as easily lost as the pearls slipping from a broken string—Richard Brooks

"More beautiful than ever"

The **BIG, NEW**
1950
Monarch
NOW ON DISPLAY!

Fender skirts, chrome wheel rim rings and white sidewall tires optional at extra cost.

"Sheer beauty" is as close as words can come to describing it. But only your own eyes can tell you the whole story of this superb new 1950 Monarch... more beautiful than ever!

Public Trustee, Administrator of the Estate of George Krosser, deceased. Provincial Building, Edmonton, Alberta. (3c)

PARACHUTE JUMP

Continued from front page

red the route to be followed by the planes.

Flying at 1,500 feet the machines made a picture of perfect pilotage, as they approached the field for the first drop. The importance of accurate flying at such times can readily be seen as one watches with tense eyes for the men to bail out from the small door at the rear of the passenger compartment. Just a little error in elevation and there is every danger that the men jumping out of the forward machine may become entangled with the propellers of those that follow.

For the men who are to make the jump this is indeed a tense period. Warned by a red light two minutes before the deadline, they have taken their places ready for the green light which signals the jump. Then with a cry of "go" they quickly follow one another out of the door. So quickly are the men thrust out that the machine that in eight seconds from seventeen to eighteen men can be unloaded.

The need for this quick action is really seen when we consider that the plane may be travelling at about 180 miles per hour at the time of jumping, and any delay would result in the men being swept over too wide an area.

For security reasons, and in order to assure accurate landing, the rip cords of the parachutes are attached to a cable which is strung along the ground, the plane of the plane. As the men emerge their "chutes immediately open and they are brought to a sudden halt in their forward movement. Unfortunately, in the first drop, one of the "chutes failed to open fully, and the "emergency chute was unable to take care of the weight of the dropping man. Fortunately he was not killed, but his injuries, though not considered dangerous, were indeed severe. Among the injuries he suffered a fracture of the right femur, a fracture of the right arm (compound) a fractured sternum and possible fracture of the spine. He was hurried to the Wainwright Hospital where doctors of the Clinic gave him immediate attention. His condition at time of writing is reported as fair.

In the first drop the planes, which came in from the south-west, missed the mark by about 200 yards, and the men landed near to brush at the south end of Grass Lake-landing field. Grass Lake, by the way is about six miles south of the camp buildings.

The second run was more successful as the red smoke flared up again the planes came in on the same angle and another detachment of paratroopers hit the alk.

Equipment was dropped on the third run. This equipment consisted of loads of signals of various kinds, radio equipment, etc. Part of the purpose of dropping the equipment was to test the dropping procedure, and to see what damage might be incurred in the landing.

Finally in the fourth run the men in charge of the jumping operations came down and joined the forces for their assault on Observation Hill. Carefully schooled for this exercise and provided with pictures from which to identify the locale, the men gathered the equipment and staged the assault in a very successful manner.

In preparation for the jump the star were equipped with full arctic pack which included bear's paw snowshoes (ordinary snow shoes could not be handled in jumping from the planes).

Their rifles, band and skin guns were dropped shortly after their release from the plane, to the end of 25-foot ropes. This was in an effort to protect men from any unnecessary bumps when landing.

During the course of the operation men from the Wainwright camp were given a running comment by a loud speaker on the various angles of parachute jumping and on the procedure that was being followed.

Those making the jump were personnel of the Princess Patricia's Light Infantry.

On motion of Councilor Stafford, that the Monthly Statement for the month ending December 31st, 1949, be accepted as received and ordered filed with the records of this regular meeting.

On motion of Councilor Mitchell, that Councilor Davidson be appointed Deputy Mayor for the next ensuing three months.

On motion of Councilor Buckle, that Mr. Jack Johnston continue to act as Poundkeeper during the current year.

On motion of Councilor Tully, that Doctor G. M. Asch be appointed Medical Health Officer for the Town of Wainwright for the year 1950, at a similar retaining fee as paid in previous years.

On motion of Councilor Tully, that J. A. MacKinnon, K.C., be re-appointed as Town Solicitor for the year 1950, at a retaining fee of one hundred dollars.

On motion of Councilor Stafford, that Mr. Harry Smart be appointed as Member of the Board of Health for the ensuing three years.

On motion of Councilor Wallace, that the regular meetings of Council of the Town of Wainwright for the year 1950 be held in the Council Chamber at 8 o'clock p.m. on the first

and third Tuesday in each and every month, with the exception of the months of June, July and August of the said year, and that ONE regular meeting be held in those excepted months, except in case of emergency when a Special Meeting may be called by notice from the Mayor, and that these single meetings be held on the first Tuesday of the month at the same place and time set for regular meetings of Council.

On motion of Councilor Davidson, that D. Pawsey, Secretary-Treasurer, receive the appointment as Returning Officer of the Town of Wainwright, to conduct Town Elections during the year 1950.

On motion of Councilor Tully, that assent be given to the introduction of a By-Law appointing D. Pawsey, Secretary-Treasurer, as Returning Officer for the Town of Wainwright, to conduct elections of the Town during the year 1950.

By-Law Number 50-1 then by unanimous consent, received its three readings on motions of Councilors Stafford, Buckley and Wallace and was declared finally passed.

On motion Council was regularly adjourned.

Mrs. S. Ryan Heads Eastern Star Chapter

At installation ceremonies held at the local Eastern Star Lodge tonight, Mrs. S. Ryan will be installed as Worthy Matron for the coming year, with Mrs. H. E. Buckle as Associate Matron and Mrs. L. Barlow as Conductress.

Both Men Died Instantly

Alf and Raymond Dalyn Die In Tragic Railway Crossing Accident

The entire district suffered a severe shock last Wednesday when word was circulated of the tragic death of Alf and Raymond Dalyn in a crossing accident. It appears that the pair were driving a light delivery truck from the north toward the crossing. As they approached they failed to see an oncoming train from the west until it was too late for them to stop. Their truck was completely smashed and both the men were instantaneously killed.

Both were old-time residents of Ribstone district. Opl. Pound of the RCMP and Dr. J. D. Wallace, coroner, were immediately summoned, and the bodies were removed to McLeod's Funeral Parlour at Wainwright.

The sincere sympathy of all is extended to their wives and families in their deep sorrow.

The funeral service for Alfred and Raymond Dalyn was held in the Reorganized Latter Day Saint Church at Ribstone, January 10th, 1950 at 1:30 p.m. They were killed at the Ribstone crossing January 4, 1950, at 11 a.m. when the light truck, they were driving, was struck by a freight train. They were killed instantly. They were the sons of Mr. and Mrs. William Dalyn.

Alfred Robert Dalyn was born at Ribstone March 14, 1913 and lived here all his life. He was 37 years, 9 months and 21 days old. He became a member of the R.L.D.S. church July 19, 1925.

He married Mrs. Dorothy McCuskey October 16th, 1947.

They have three sons: Elvin Garret, Murray Wayne, Arvid Alfred all going to school.

Raymond Clyde was born January 1st, 1912 at Ribstone and lived here all his life. He was 38 years and 3 days old. He became a member of the church August 4th, 1935.

He married Thelma Margaret Tennant November 14th, 1949.

They have three daughters and one son, Ruth Jean, Glen Ruth, Dorothy Mae and Betty Jean. Ruth and Glen are going to school.

Raymond served his country in the last World War.

Alfred and Raymond leave to mourn their loss their wives and families, their father and mother, two brothers Earl and Cyril and a sister Margaret, and their grandmother, Mrs. Ellen Dalyn of Edmonton and many uncles and aunts and cousins and other relatives and a host of friends and neighbors.

Under Alberta Will procured the funeral service stated by Elder George Miller.

Funeral arrangements were in charge of P. H. McLeod, Wainwright. Many beautiful floral tributes and gifts of money were received.

The pallbearers were: Clarence Morrison, Robert Clifford, Orville Dalyn, Cecil Morrison, Richard Morrison, Mervin McCuskey, Harold Clifford, Edwin Dalyn, Harry Morrison, Earl Tennant, Foster Tennant, Gerald Tennant.

Floral Tributes
In Loving Memory of Alfred—Your loving Wife and Family; In Loving Memory of Raymond—Your Loving Wife and Family; In Loving Memory of Mother, Dad and Family; Earl, Edith and Family; Harvey, Clifford and Family; Allan and Mother; Charlie and Gladys and Grandma, Fred and Wyntha, Alf and Elsie; With Deepest Sympathy—Bob, Lesta, Earl, Foster, Gerald, Rose and Family; Mrs. A. White and Family; Laura and Cameron Dalyn; The L.D.S. Church; Ribstone Ladies Aid; Ribstone Community Club; Ribstone Junior School; Cory Corner Club; Pete, Mildred and Fern; Mrs. Hala, Lena and Rose; Randall and Mae Preston and Family; Orma and Harold, Ina and Chae; Carl Atkinson; Mr. and Mrs. Joe McLeod; Orville, Lawrence, Harold, Robert and Burni; Mr. and Mrs. Whitehead and Family.

In Memoriam
In loving memory of Mrs. Joe McCuskey who passed away January 10th, 1950. Surrounded by friends we are lonely.

In the midst of our joys we are blue With a smile on our face There's an ache in our hearts Longing dear mother for you. Sincerely missed by

Ribstone Bonspiel will be held Jan. 14th to 16th. Three events—good prize Bonspiel to be in hands of Secretary of Curling Club before Friday, 18th of January next.

FRED HILKER, Secretary.

JOBLESS INCREASE AT LAKEHEAD

Concern for the decrease of employment in the lumber industry around Port Arthur and Fort William is expressed by the employment service branch at Fort William. Jobs are now number 1,133 with more being added monthly as lumber companies close their mills or cut down on operations. The Atiyah family, shown here, is but one of many who face a bleak future as lumbering decreases in the area. The family is one of the many who are being displaced from their homes and are now seeking employment elsewhere.

Chauvin Ties Wainwright In First Hockey Game

The Chauvin boys had to be satisfied with a 3-2 score Wednesday night January 4th against Wainwright—due to having no officials of their own with them, they took what they got and smiled at what they were robbed of which was at least 1 score.

In the second and third periods Wainwright decided they would have to change their tactics to get into the game, from then on it turned out to be a game of wits with the highlights being, heading, high sticking, clipping and 12 more goals, with 1 goal scored by Wainwright from ten feet out not counting goal to a hole in the net unseen by the official.

This kind of hockey may be interesting for the spectators, but it is very discouraging for up and coming young players to be going around for the next few days with bruises and bumps on their heads because so many playing goals around with his stick up in the air instead of on the ice where it belongs.

The Chauvin boys all played good hockey for the first time out—worth the trouble and the money. Scores for Chauvin were Furber 2, Christie 3 and Wahlberg 5.

CLIFFE
(Too late for last week)
Congratulations to Mr. and Mrs. R. Harris on their recent marriage.

Mr. and Mrs. Raymond Dalyn and Family, Mr. and Mrs. Wm. Dalyn and Family.

FRAM
The following left by train last week after spending the festive season at the parental home, Miss Ellen Graham, Mr. and Mrs. J. Cooper, Don and Elaine Howard, Lloyd Edwards, Rosemary Palmer left for St. Charles school in Regina, this is her first venture away from home, and will be missed by many friends, we wish her every success.

Mr. and Mrs. Harold Natross of Edmonton, spent Christmas season with Mrs. Natross at Leduc.

Miss Foster spent a few days at Palmer's home.

Mr. and Mrs. L. Lovell and Family (see Doris Powers) left for her home at Senlac after spending the festive season with relatives.

Mr. and Mrs. Harold Graham and family spent Christmas with Mr. and Mrs. Vins in Leduc, returning with Mr. and Mrs. Vins to spend the remainder of the festive season, Mr. and Mrs. F. Pretaloff and family of Lloyd spent New Year's with Mr. and Mrs. H. Graham.

Mr. and Mrs. W. W. Graham of Wainwright spent Christmas at the home of Mrs. A. Graham.

Mr. and Mrs. Lovell and family of Senlac spent the festive holidays with relatives in this vicinity.

Mr. Leo Hillon left Saturday to spend the winter with his sister in Wainwright.

Mr. and Mrs. Pollock attended the wedding of Mr. and Mrs. R. Harris, which took place on Thursday.

Mr. and Mrs. R. Graham and family spent Christmas with the Ribstone family.

Nothing like starting the New Year right, we saw Eddie Howard and family driving the old Double for New Year's visit to C. Ribichella home. Mr. and Mrs. Geo. Har and family and Mr. and Mrs. N. Hays and Linda.

Chauvin Home & School Asks Help For Lunches

The Chauvin Home and School met on January 5 at the school with 25 present. The Treasurer's report showed a balance of \$11.15. The School Lunch Committee reported that they had a deficit of \$6.50 and it was decided that the Home and School should pay the present deficit.

It was decided that pupils should pay for their meal tickets in advance and thus eliminate daily collections which made a lot of extra work for the teacher in charge. These meal tickets would be made for 30 days. The Secretary was instructed to ask the divisional board for some help towards the school lunches. And also to inquire when the new propane gas stove could be expected as the super-heating practice kills many materials every winter. Carbon monoxide is generated by every car engine. It kills silently and without warning.

It was suggested that they remind the mothers of pupils taking lunches to each send in one tea towel as to date only 13 had been received. The teachers reported that they need financial aid for materials used in

enterprises work and it was the feeling of the meeting that being an enterprise work was on the school curriculum that the Divisional board should pay for any materials needed. It was also brought to the attention of the meeting that there were no tools such as hammers, saws, etc. at the school.

The next meeting will be on January 26th at 8 p.m. at the school.

ARTLAND

(Too late for last week)
Mrs. T. W. Scott entertained Wednesday, December 28, in honor of Joyce 12th birthday. Games, singing and a balloon dance was very much enjoyed. Also Billie Cooks singing the peace song and Marilyn Statist singing different numbers. A very delicious lunch was served by the hostess with Joyce blowing out the candles in one big blow.

Miss Barbara Sathen of Macklin is visiting her sister and brother-in-law, Mr. and Mrs. J. Hauck.

Mr. R. T. Olsenberger left last Friday for Leduc to spend the holidays with relatives.

Mrs. C. E. DeGraw left for Saskatoon Tuesday for medical attention. Alvin Scott was the lucky winner of the hockey pool last Saturday.

The Mercury reached fifty in Artland, January 3, so the curling rink is having a rest.

VERMILION SCHOOL DIVISION CONVEYANCE ROUTE, OXVILLE S.D.

Applications are requested for the operation of a van service, proposed School to South West corner of Section 24-46-1, return north three miles, route to extend from McLaughlin west two miles and return and thence north to school, an approximate distance of 18 miles.

For further particulars apply to Secretary-Treasurer, Vermilion School Div., Vermilion, Alberta.

Family Allowance Question Box
Question—Two of my children have gone to live with my sister. I told her I would send their Family Allowance to her each month but she said for me to keep it because she thinks I need it more than she does. Is this alright?
Answer—No - one of the requirements of the Family Allowance Act is that the parent, in order to be eligible to receive allowances must be maintaining and have the custody of the child concerned. It would appear therefore that your sister is the eligible payee and she should apply for Family Allowances for your two children. Registration forms may be obtained in any Post Office.

Question—A book salesman told me I should buy a set of children's books with my Family Allowance by paying my cheque on the books each month. He said that the allowance had to be spent for the children's education. Is this correct?
Answer—Family Allowances may be spent by the parents in any way which they consider will be for the child's benefit. The Family Allowance Act provides that the allowances must be expended exclusively towards the maintenance, care, training, education and advancement of the child, and the manner in which it is spent is left entirely to the discretion of the parent concerned, but not necessarily on one specific type of expenditure.

Question—My boy of 13 says that some of his friends are given their Family Allowance to spend as they please. He badgers me about it and says that this is what I am supposed to do—but I feel the allowance is needed to provide extra clothing and food for him. Is my boy right?
Answer—No - it is not considered that a boy of thirteen has sufficient experience in handling money to expend the money himself wisely. It is quite permissible however, to give the child a weekly or monthly allowance out of the Family Allowance payments but it is felt that the parent should supervise the expenditure of allowances themselves so that the child receives the maximum benefit.

T.B. FUND STILL SHED \$25,500
Christmas Seal fund books will be kept open for another few weeks. It is announced today by C. Robert Dickey, general secretary of the Alberta Tuberculosis Association. Provincial receipts are now only \$25,500 from the goal of \$100,000, and 1949 plans for expansion of X-ray services through Mobile Units and Hospital X-rays make it essential to reach the goal.

Edmonton and Northern Alberta Seal sale receipts are now \$24,800 to \$25,000.

Miss Tweedy, Public Health Nurse, Gives Report

MISS L. TWEEDY, R.N. It is my pleasure to submit a brief report on the activities of the Wainwright Health District during the school term from September 1st, 1948 until June 30th, 1949.

All schools were visited at least once during the term. As all children were examined the previous term, stress was put on the examination of beginners and pupils up to and including grade three, particular attention being given to violatory defects.

The general health of all children in this district is above average. Dental care is improving and parents on the whole are alert to the health needs of the community. It has been a disappointment to me that the needed personal has not been found to establish a full time Health Unit here.

Sanitation: Sanitary inspections are made at each school is visited. Specimens of drinking water are sent for analysis if conditions appear to warrant same. There are many sanitary conditions in the district which need attention but

In the one-nurse Health Unit the lack of a Sanitary Inspector is a severe handicap.

Tuberculosis Control

The Tuberculosis Division of the Department of Public Health carried out a Mobile X-ray survey of this district during the months of August and September. It is gratifying to note that only one case of active tuberculosis was found, although several inactive cases were located and these will be kept under surveillance by their local Doctors.

During the months of November and December, I carried out a survey among the pupils of the Wainwright High School and Separate Schools. One hundred and seventy five pupils and teachers were Tuberculin tested and the Positive reactors X-rayed at the local Hospital at Government expense.

Of these, one student was found to have an active case of tuberculosis and was sent to the Sanatorium for treatment. As the disease was in its very early stages she has made excellent progress toward recovery.

ery.

While your Health Unit is functioning you may be assured that periodic surveys will be taken of the students in an attempt to locate any case of this disease in its early stages.

Guidance Clinics

Five Guidance Clinics were held during the term with a total attendance of thirty eight children being examined by Dr. Shrag and his staff. This is becoming a very useful and popular service. Parents often ask if they may have appointments made for a child with some particular school or behaviour problem.

Immunization: Immunization of pre-school children is carried on at clinics held in various centres. School children are given booster doses as visits are made to the schools. This whole Division can be considered as very well immunized against Whooping Cough, Diphtheria and Small-Pox. I would like to point out here however that the period of immunity given by whooping cough vaccine is much shorter than that of the other two and reinforcement doses should be given every year or two while the child is very young.

Communicable Disease Control: Three known cases of Polio-myelitis were reported in the district during the year. All have made a good recovery. One case of Spinal Meningitis was reported from one school. Throat cultures were taken from all contacts and were found to be negative. An outbreak of Whooping Cough occurred at one centre and two junior rooms were closed for a day. The outbreak proved to be a very mild nature. Measles, Mumps and chicken-pox have made their appearance in epidemic form during the term although not to any greater extent than in any other part of the province.

Reporting of communicable diseases: continues to be very poor. May I repeat that under Communicable Disease Regulations all diseases must be reported to Health Authorities. Failure to report can bring a fine.

Welfare Work: Clothing has been gathered and distributed to children requiring same. This is usually done through the assistance of local organizations. All of which have been most co-operative.

Pre-School and Well Baby Clinics: report can bring a fine. (Continued on page 12)

MUGGS AND SKEETER

BY WALLY BISHOP

ADVISES STAY WITH HOGS

Swine producers breathed more easily with the news of negotiations for at least a limited amount of bacon for Britain. Indications are that around 50,000,000 pounds of Canadian bacon will be required by British consumers during 1950. The price will be somewhat lower than under the 1949 agreement, but the amount is very similar to that exported during the past year.

A. J. Chartrand, Livestock Supervisor, Alberta Department of Agriculture, suggests that with the trend towards increased acreages of "concrete grain" in 1950, hog production at our present level should find a fair market with reasonable returns. Most of our feed grains are marketed in Canada, and sufficient livestock must be maintained through which to market these grains. "There is certainly no reason for panic or wholesale reduction of breeding stock," says Mr. Chartrand.

Wainwright Chamber Of Commerce Meets

(Continued from front page)

J. Mitchell then enlarged on the plans for the businessmen's carnival, explaining that it was planned to stage a large and well publicized bargaining sale, and put on a program of evening entertainment. For the purpose of the sale, each merchant in town would be asked to contribute to the cost of the advertising and urged to put up one particular article at cost or less than cost. This would result in about 42 items being offered at extremely low prices for the duration of the sale.

These proposals were not yet definitely decided upon, but would be placed before the retail section for their decision.

Regarding the cost of the ice show, it was proposed that this be offset by selling tickets for the election of a queen, the queen to be chosen from the surrounding country points, and the tickets to give admission to the show.

Moved by J. Morgan—E. E. McLeod, that the celebration committee, and the retail section be authorized to go ahead with the arrangements for the business men's carnival.

The matter of provision of a cup for the improvement section of the Bave-Soll campaign was discussed, and it was moved by H. Ruste, E. Barrett that the Chamber purchase of cup for this section.

Kenn Torg reported that the matter of the establishment of a T.H. and Bave free area will be discussed at the meeting of the council of the

Health of Animals Division not only apply to the importation of animals from other countries and the constant watch for the outbreak of contagious diseases within Canada; but they cover the inspection of stock cars and trucks, the cleaning and disinfection of railway and public stockyards, and the cleaning and disinfection of live poultry car at poultry processing or killing plants.

The inspection of stock cars and trucks is a small job. In 1948, the cleaning and disinfection of 2,847 trucks was supervised by inspectors of the Division.

CULLING THE DAIRY HERD

One of the first steps in successful dairy production is to know which cows to keep and which to sell. Weeding out the low producers can be put on a proper basis by having each cow's milk weighed and tested at regular intervals. Any herd owner in the Province can arrange regular weighing and testing under the Herd Testing plan of the Alberta Department of Agriculture.

It's surprising how many cows just don't measure up under test, says L. M. Silcox, Supervisor of Dairy Factory Inspection. Very often it's a matter of surprise too that some cows turn out to be much better producers than they were given credit for. An important advantage of all milk testing is that it provides a means of tagging each cow with her proper label—either a permanent stop-over in your stable, or a one-way ticket to the packing plant.

Full information about the Cow Testing plan can be obtained from District Agriculturalists or from the Dairy Branch of the Alberta Department of Agriculture at Edmonton.

RIGID INSPECTION GUARANTEES LIVESTOCK The methods used by the veterinarians of the Dominion Department of Agriculture to prevent the introduction and spread of animals' diseases in Canada are many. Regulations of the

Municipal District of Wainwright. He urged that the Board support this movement, by sending a delegation to the council meeting or by a letter.

Glen Valen suggested a publicity campaign should be undertaken to work up greater interest in this matter before the farmers are called upon to sign the petitions which would be circulated.

Moved Kenn Torg—C. Grunke, that we urge the establishment of this policy.

The chair appointed Dr. Asch, H. Ruste and H. Held as a committee from the Chamber of Commerce to attend the council meeting.

J. Humphries then reported on the ticket sale for skating, which showed a considerable improvement over last year. Figures indicated a surplus in receipts over expenditures (including hockey) which amounted to \$121.47 but there were a number of outstanding accounts which would reduce that amount substantially.

J. Humphries—Dr. Bradley that a vote of thanks be given to the ladies for the operation of the eating establishment at the Arena.

E. Wilson—S. Ryan that the Ladies Auxiliary of the Legion be sent a letter of thanks for providing sweaters for a pee-wee hockey team.

Dr. Wallace read a letter introducing the H.M. month club to provide funds for the completion of the front of the Arena. This was discussed and it was decided that further study be given the matter.

Kenn Torg produced a letter from the president of the Eastern Alberta Hockey League to the effect that the League was sending a delegation of the local hockey team if they do not make a better showing. Again there was a full discussion, and it was felt that the League should not out a Commissioner after having accepted them for the season. Mr. Humphries supported this conclusion by a number of citations.

The matter of what to do about the hockey team, proved somewhat of a problem. Mr. Wilbert, the coach, was asked to speak, and he pointed out the need for a heavier defense on the team. He made reference to a Mr. Owens, employee of the CNR, who was expected to return to his duties shortly.

Moved C. Gundry—White—Humphries that the C of C express their confidence in H. Wilbert as coach. The chair asked if there were any more players available and S. Ryan stated that he had heard that Mr. Owens was bringing back a couple of players with him.

Kenn Torg then stated that we had a juvenile hockey team, but no sweaters. As the team were entered in the Provincial playoffs, sweaters would be an essential, he stated.

Dr. Bradley, J. Mitchell, moved that the C of C authorize the sports committee to purchase the sweaters.

The meeting then adjourned.

A man's conversation is the mirror of his thoughts. A life without a purpose is a ship without a rudder.

A Permanent Profile Agriculture

Permanency in agriculture is the goal that every farmer in Western Canada should work toward in 1950, and in the years ahead. It means an agriculture that is stable and secure for farm and farmer. It is a goal to be sought if Western Canada is to maintain its position as one of the major food-producing areas of the world.

It Can Be Done. Undoubtedly the most important factor leading to permanency in agriculture is the proper use and care of the soil. Our prairie soils are being depleted constantly by losses from erosion, and by crops that are being continually removed from them. These losses can be checked through the wise application of our knowledge about soil conservation, and through the use by western farmers of soil management and cropping practices that insure sustained production. In almost every community in the Prairie Provinces, farm practices have been devised, and are being used successfully by individual farmers, to prevent losses from soil erosion. In other words, it can be done.

Problems Solved. Tremendous strides have been made in recent years in bringing soil erosion under control. The farmer of today can offset, and on some soils more than offset, the factors of soil deterioration by the factors of soil improvement. To accomplish the balance between these forces he has many aids and practices: Crop rotation, green-manure crops, natural and mineral fertilizers, strip cropping, shelter belts, late cover-crops on summerfallow, the cultivation of fallows only with long blades or wide shovel cultivators that leave soil-protecting crop-refuse on the surface. And, for the farmer with all these—a part of them, in fact—he has forage crops. Around forage crops, prairie farmers can best organize their grain crop production so as to permit efficient farm practices that lead to the desired goal—permanency in agriculture.

We have enough good land left in this country to keep us prosperous if we conserve it while using it. But we must conserve it now—not next year, but in 1950. Yes, everybody in Western Canada has a stake in a permanent prairie agriculture.

Edgerton To Hold Bonspiel, Feb. 7, 8, 9

Edgerton Curling Club has set the date for their 1950 bonspiel as Tuesday, Wednesday and Thursday, February 7th, 8th and 9th.

The committee are busy now getting the prizes lined up and preliminary arrangements made. All in all the affair promises to be a very enjoyable one for all the curlers who attend. This will be particularly the case at the banquet, which we are informed, will this year feature some fine tender turkey.

So, get your entries in early for the Edgerton Bonspiel.

Letters To The Editor

To the Editor:

I wish to draw your attention to the one opportunity for a little community sports feature that exists in the town as you are aware Ramsey, Welch and Hallett, our local boys, are playing hockey with Wainwright Harvesters this season because there is no team here. This opportunity to continue to develop their considerable hockey ability is possible through the efforts of the Wainwright and District Chamber of Commerce and Agriculture who sponsor all hockey in the town. They plan to enter the team in the Provincial play-offs.

A juvenile club has small gate receipts and considerable expenses, that rules out paying much extra expense for players. But it costs money for these local boys to travel to Wainwright that shouldn't fall on the boys themselves, they have to buy equipment or on their families after all sport is a community project.

How about it sportsmen of Edgerton?

HOCKEY PLAYER.

LOCAL NOTES

Your attention is called to this important notice. In case of fire the person giving the alarm is asked to ring central first and then sound the alarm.

There will be a free picture show in the Memorial Hall on Wednesday evening, January 11th at 8:00 p.m. sponsored by St. Mary's Church. In attendance with an interesting programme of films, including one taken at the Edgerton camp at Kapaswin, Lake Wabamun in which some Edgerton girls appear, will be the Reverend F. A. Peaks of Edmonton. At 4:15 in St. Mary's Church there will be a short session particularly for the young people. Everyone is invited to attend both meetings.

Both the Legion and the Legion W.A. will meet in the Hall on Thursday evening at the usual time.

Have you entered in the crib tournament? If not give your name in either to the Secretary, Mr. W. Cusack, or leave it in the telephone office.

We are pleased to note that the skating rink is being used far more this year. Even in this weather every day sees quite a number of skaters using the rink, which, thanks to the excellent maintenance, is in grand condition. The theatre box was in Darby's Drug Store last week. Winners were Ken Darby, Bobby Smithson, Atg. D. Roberts and Katharine Johnson. The free tickets are now being discontinued.

Mr. Tom Shaw was a visitor to Edgerton recently.

Mr. Tom Cavanaugh spent a short time in Wainwright this week.

Mr. Howard Cornfield was in Edgerton for a few days recently.

FRONTIER PUSHES ON

NORTH YIELDS GRAIN

WINNIPEG — Western Canada's grain-growing frontier is steadily pushing northward. The latest proof is the success of Mike Pylykiw, a pioneer farmer at Kert Vermilion, on the northern reaches of the Peace River in Alberta.

He made history this autumn by trucking 235 bushels of high-quality Howard wheat on an elevator 346 rail-road miles northeast of Edmonton. Fort Vermilion itself is nearly 1,000 miles north of the international boundary and is believed to be the most northerly point at which grain has been grown commercially.

Reginald Bean, secretary of a Winnipeg grain company, said Mr. Pylykiw's wheat weighed a strong 48 lbs. a bushel. He said the yield at Mr. Pylykiw's farm was 48 bushels to the acre.

Analytical tests revealed an unusual 14.8 per cent protein content—about one per cent above normal. Mr. Pylykiw didn't grow his wheat in his back yard. He has about 136 acres under cultivation.

Mr. Bean said the longer hours of summer sunshine at Fort Vermilion compensate for the shorter growing season so far north.

"You can read a newspaper without artificial light at 11 p.m. up there in summer."

NOTICE

PREPARATION OF ASSESSMENT

Municipal District of Wainwright

No. 61

Notice is hereby given that the assessment of the previous year has been adopted under the provisions of The Assessment Act, and that the assessment roll of the said municipality has been duly prepared, and that if any person thinks that any property has been wrongfully assessed, or assessed too high, or too low, or that his name or the name of any other person has been wrongfully entered upon or omitted from the roll, he may at any time prior to the 17th day of January 1950 notify the secretary-treasurer in writing of the particulars and grounds of his complaint.

Dated at Wainwright, this 21st day of December, 1949.

CHAR. WILBRAHAM

Secretary-Treasurer.

Edgerton Notes

Our club held its first meeting of the new year on January 8th. The main event of this meeting was the election of new officers. They are as follows: President—Ann Spornits

Vice-President—Peggy Hallett

Secretary—Doreen Maughan

Grade Ten Representative—Gerald Wilson

Grade Eleven Representative—Nina Sawyer

Grade Twelve Representative—Joan Borden

The iron hand of authority descended upon our democratic meeting and appointed Doris Miles as Librarian, and Peggy Hallett as Press Correspondent.

Our high school awriters arrived on January 8th, and were, on the whole, very satisfactory.

A meeting has been called for Jan. 13th for the discussion of our Dance and Carnival.

DALLYN BENEFIT FUND

Lough Goll Lodge, 88, of the Ladies Benevolent Orange Association, Benefit Fund for Sister Treva Dallyn and Mrs. Ena Dallyn, who lost their husbands in the tragic accident at Ribstone on January 4th, 1949.

Donations to be left with Sister Eunice Sawyer or the treasurer, Sister Rita McBride.

Donations to date are:

GILES

With the turn of the century we are still hoping as to the part of it being Happy, Prosperous, beautiful harvests, stable prices and all the well wishing that different ones have built around us. However we have already experienced the mild chinook that shriveled the mercury down to a small 45 below and beautiful snow drifts on the roads, with these circumstances, we don't mind seeing the snowplane coming at any time.

After spending the holidays at Calgary and Edmonton, Mr. R. Carter returned on Monday to resume school duty.

Mr. Fred Luchuck made a call at the home of Mr. and Mrs. J. Waddell last Saturday, Mr. Mac Clark came down with him to spend New Year's day in the "district".

The local pound keeper has been accommodated with several more horses, someone may buy a good horse yet, if no owner is found soon.

Mr. Steve Kneal who has been quite ill for sometime in the local hospital, has now returned home with much improved health.

Mr. Russell Taylor spent New Year's at the home of Mr. and Mrs. N. McTurk, returning home on Monday.

McCafferty News

Visitors in the district over the holidays included Bob Johnston, Bill and Betty Jackson, Wesley Connolly, Mr. and Mrs. Walter Rae and family.

We wish to extend our deepest sympathy to the families of Raymond and Alfred Dallyn. Raymond lived in this district a few years ago, and his wife is the former Treva Tennant of this district.

Don't forget to attend the Annual School meeting at the school on Wednesday, January 18, at 2:30 p.m.

Mrs. Eison spent a few days last week in Edgerton with Mrs. Lena Eison.

When school reopened after the holidays, with the mercury down to -41 degrees, Mr. Wilkinson had a busy day, there being only three pupils—Billy and Teddy Nicholls and Carole Jackson in attendance.

NOTICE

The Annual meeting of the Ratepayers and Electors of McCafferty S.D. No. 278, will be held at the school on Wednesday, January 18th at 2:30 p.m.

LOCAL NOTES

Officials of Chauvin Branch of the Canadian Legion have announced that the Branch will hold its Annual Meeting and election of officers on Wednesday evening, Jan. 11.

At the Legion curling play offs to be played in Wainwright on Wednesday, the Chauvin Branch will be represented by skip Lyle Miller, third Charles Diamond, second Don Fokins and lead Spud Dickson.

Owen Dahl who has been a patient in the Wainwright Hospital returned home Saturday.

Rachael Peuch returned to school in Edmonton on Sunday by bus after visiting her family for the past 2 or 3 weeks.

Geo. Day left Monday to visit his sister in Winnipeg.

Lyle Arneson of Edgerton visited her sister Mrs. Bob Miller last week.

Mrs. Snyder of Edgerton visited her daughter Mrs. S. Montjoy for a few days last week.

Dr. Max Saville was a business visitor to Edmonton last week.

Cecil Rouillon and Rudy Miller spent Christmas at their homes and have now gone back to their jobs in Calgary.

H. Wahlberg is a patient in Wainwright hospital where he is receiving blood transfusions.

SOUTH NOTES

Congratulations to Mr. and Mrs. James Burch on the birth of a daughter, born on Dec. 31st in Provost hospital.

Miss E. Levitt left this week to visit friends in Brantford, Ontario.

Mrs. A. Kirk and sons of Three Hills flew home this week after spending the holidays with Mrs. Murray, her mother and the other relatives here.

Mr. and Mrs. Gorta of Olds are here to spend a few weeks with Mr. and Mrs. Tippler (Mrs. Gorta's parents).

Mr. Ray McNalley returned to his job near Prince George after spending a few days here with his parents, Mr. and Mrs. N. McNalley.

Russ Blume made his first trip around on Friday with our community snow-blower. Boys were glad to see him. Beate shovelling through.

To cultivate kindness is a valuable part of the business of life. — Johnson

How truly is a kind heart a fountain of gladness, making everything in its vicinity to freshen into smiles!

Mrs. H. H. SIGURSON

ARTLAND

Geo. Scott was the lucky winner of the hockey pool last Saturday.

Mrs. J. B. Hawk and daughter Irene left for Macklin to spend a few days.

Barbara Selben returned to Macklin after visiting the past two weeks with Mr. and Mrs. J. B. Hawk.

We are pleased to hear Mr. P. T. Wright is progressing favourably after his operation. Keep up the good work.

Paul Hady of the C.N.R. left for his home at Rama for a short visit. Operator Armstrong is relieving her during his absence.

We were pleased to see the snow plow come into Artland last Saturday night to think some one thinks of us.

Nora Cooke left for Wainwright to resume her studies on Monday.

School reopened Monday morning after the Christmas holidays. Some had smiles on their face and some had long faces. But we cannot please everybody.

Mr. and Mrs. Kelly and daughter Vicky visited friends here Sunday.

Curling gets under way in Artland with nine rinks and maybe more. Artland Curling Club were a little late in getting under way due to the cold weather. But play is going ahead nicely now with nine rinks lined up. The line up is as follows:

Mr. Schopfer—Mrs. W. Schopfer, Gordon Wright, Tommy Wright, Allen Scott—Mrs. A. Scott, Mrs. V. Scott, Victor Scott.

Mr. Hall—Paul Hady, J. Burns, Mrs. A. T. Cooke.

C. T. Dell—H. Danielson, Steve Hady, Mr. E. W. Miller.

H. Luthie—Bert Luthie, F. Luthie, Max Kieeman.

Geo. Peterson—J. Durall, J. Gibb, M. Helms.

R. T. Olsenberg—C. E. DeGra, Tom Barth, Joe Hawk.

Alf Marquardt—Mrs. A. Marquardt, Geo. Scott, Bill Armstrong.

Bobby Watson—Vern Watson, Lyle Peterson, Earle Peterson.

PARADISE VALLEY

Mr. and Mrs. F. Wood have returned after spending the holidays with their daughter Evelyn at Calgary and relatives in Edmonton.

Mr. G. Deventer is a patient in the Lloydminster Hospital where she underwent an operation. We are glad to hear that she will soon be home again.

We extend our sincere sympathy to Mr. Eric Ambler and family on the very sudden death of Mrs. Ambler who passed away at the coast on Wednesday after having a stroke. Mrs. Ambler who before her marriage was Made Edlston of New Lindsay. The funeral will be held at Lloydminster the first part of the week.

Mr. Jack Chambers has joined up with the R.C.A.P. and left for Aylmer, Ont. on Monday. This is the same depot that Jack Rogers is stationed at so the two Jack's will be together again. On Friday evening the young people gave Jack a farewell party at the school and wished him good luck in his new occupation also a gift to remember good old P.V. by.

Curling is the only sport going on here for the past few weeks. On Friday evening two rinks from Rivercourse came over and was successful in lifting the Imperial Cup which has rested at P.V. for the summer months. The mixed bonspiel is over and the curlers are on their regular schedule. The High School are also taking up curling in a big way this winter and the competition is keen.

The Paradise Valley W.A. of the United Church held their annual meeting at the home of Mrs. D. Baxter on Friday, Jan. 6th. The election of officers were as follows: President Mrs. C. E. Conaroe, Vice President Mrs. W. A. Nickle, Secretary Mrs. W. A. McLean, Treasurer Mrs. L. A. Matheson, Work Committee Mrs. Baxter, Convey or Mrs. A. Acaster and Mrs. Paulgard. Cupboard Committee Mrs. Odgaard.

PROSPECT VALLEY

The weather has been very cold this last week. The mercury has been between zero and 15 degrees below all week.

Porter Lake school teacher, Miss Baird returned to the district after spending the holidays with her parents at Irma.

There was a good turnout for the P.T.A. meeting Wednesday night, January 4th, at Battle Valley school. There were sixteen present to hear the delegates give their reports.

David Sayer got another coyote this week. This makes nine he has got this winter.

Miss Jerry Smith went to Edmonton on Wednesday for more treatment.

Ralph Dorland went to town Monday and Wednesday for pump repairs.

The telephone line has been repaired. We can now get central after not being able to for a week or so.

The district was shocked to hear about the accident which took the lives of Alfred and Raymond Dallyn on Wednesday, Jan. 4.

REPORT OF MISS TWEEDEY

Continued from page ten

Seventy five of these clinics were held during the year with a total attendance of 1213 children.

The majority of the country schools have supplemented the school lunch as during the winter months with some form of hot dish or drink. The closing of these schools and the bringing of these children to larger centres by van has opened new fields for discussion as to the means of obtaining a hot noon time meal for these children and also proper supervision of the children during the longer lunch hours. Plans have been made to have proper lunch rooms in all the new schools and Miss Joyce Lewis Provincial Nutritionist has offered to give her help in instituting some type of lunch program in the future.

Vitamin pills provided by the Department of Public Health are distributed at cost and may be obtained from the Divisional Office.

The nurses attended a one day conference of Health Unit Personnel in Edmonton in April and also the Public Health Convention in September. It is a pleasure to meet at these gatherings and discuss with others the problems of our work.

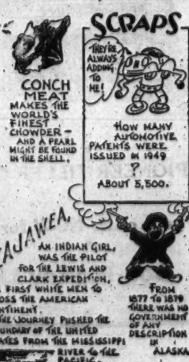

I would like to mention here that I have recently been provided by the Department of Health with a new sound film projector machine equipped with a generating unit, so that films can be shown at any rural point without electricity. This is a valuable piece of equipment and I shall be pleased to give a talk on any Health subject and show films for any organization wishing such service to further Health Education.
